The purpose of the Haddenham & Long Crendon Area Plan

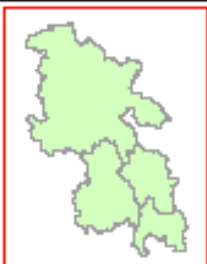

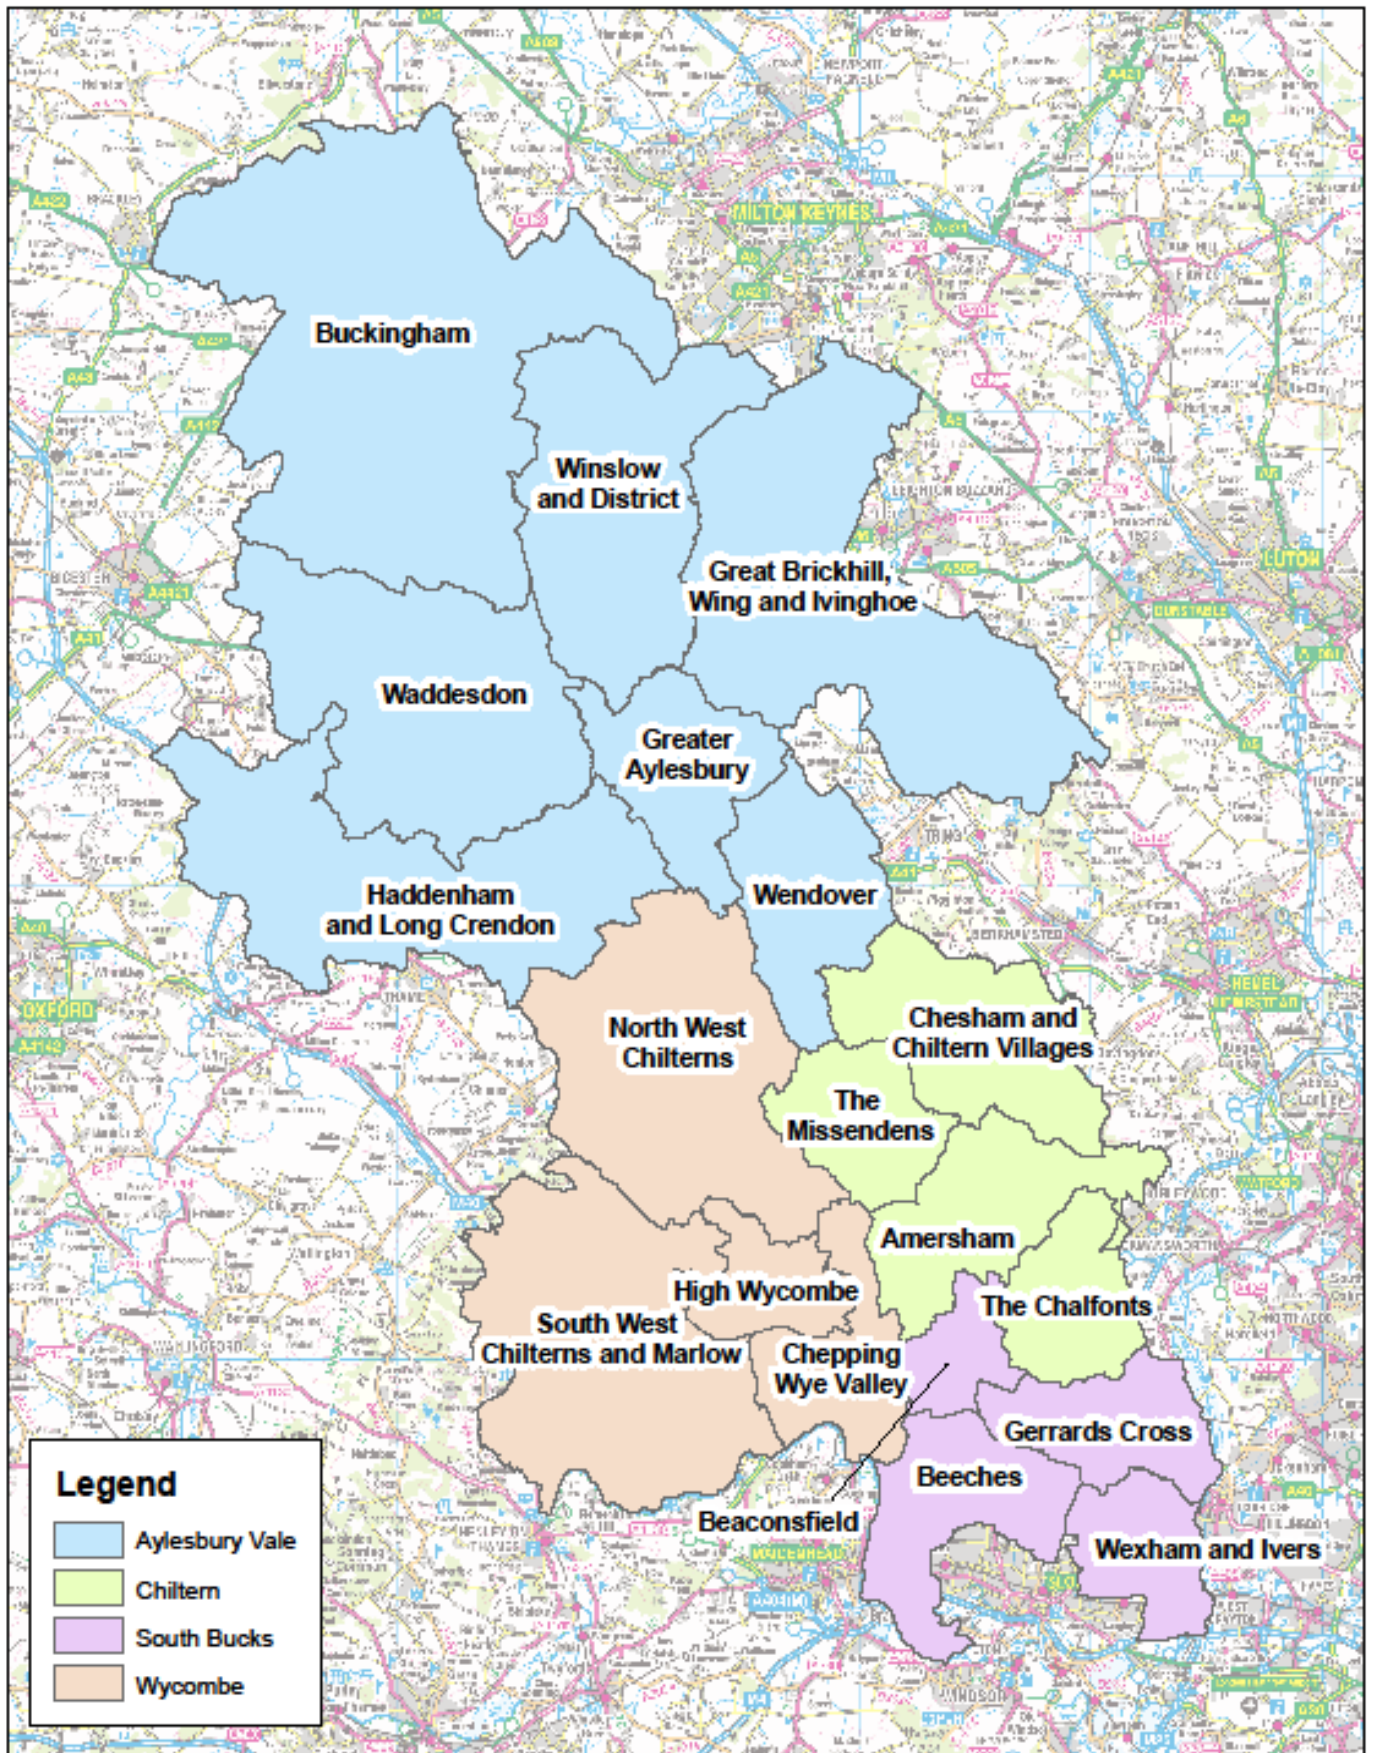

The purpose of the Haddenham & Long Crendon Area Plan is to set out a clear list of local priorities that can be actively worked on by the Local Area Forum and community members which will endeavour to make improvements for local people in the Haddenham & Long Crendon local area.

In some instances, the Haddenham & Long Crendon Local Area Forum (LAF) will be able to directly work on actions to address one or more of the priority themes. For other priorities within the

area plan, it is likely that the main role of the LAF will be to act as a co-ordinating body and catalyst for action, with the LAF taking a championing and monitoring role.

The Area Plan should be regarded as an initial set of commitments, which can be added to in the light of emerging opportunities.,

The LAF will work closely with partner organisations to seek progress on the priorities within the area plan.

The Haddenham & Long Crendon Local Area Forum

The Haddenham & Long Crendon local community area is covered by fifteen parishes. (see map on opposite page) The Haddenham & Long Crendon Local Area Forum (LAF) was established in 2008 to provide an oversight of the needs of the local area, and has met on a regular basis ever since, considering the needs of the area and taking action to address those needs wherever possible.

The LAF is a meeting where local county, district and parish councillors, along with representatives of the police, fire and rescue, other public and voluntary/community sector partners, meet to discuss local residents' needs and priorities.

One of the major tasks for the LAF is to determine priorities for the local area plan. To this end, The Haddenham & Long Crendon Local Area Forum held a local area planning workshop in May 2011

Previous meetings have considered, amongst other items: Adult Social Care provision;

funding for projects to meet local priority issues; the work of the County Council services in dealing with severe weather, HS2 consultation arrangements, and GP Consortia developments for example.

Forthcoming meetings will be focussing on addressing the identified local priorities for the area which can be found on the following pages

Meetings are held throughout the area, and are normally hosted by parish councils, schools and community centres.

All meetings are open to the public whose attendance and questions are welcomed.

The Forum times and dates can be located at www.buckscc.gov.uk. Click on the A to Z button at the top of the page and go to C and then committee membership. The LAF details are towards the bottom of the page..

The LAF welcomes participation from other partners/local groups and residents.

The Haddenham & Long Crendon

Local Area Forum membership

The Haddenham & Long Crendon local community area covers two divisions of the County Council.

County Councillors in the Haddenham & Long Crendon local community area

The Haddenham & Long Crendon

local area priorities workplan

The priorities below were agreed in May 2011.

The priorities are split into those that the LAF can work on locally and those that are more strategic and therefore the LAF has to influence through lobbying different services and organisations. There will also be topics important to the local area that the LAF has decided not to focus on this particular year and these are shown on the opposite page.

The following pages describe the work plan for addressing the selected priorities and will be updated on a regular basis .

Sustainable Community Strategy

The priorities are linked to the five broad themes of the Sustainable Community Strategy (SCS). The links to each theme are shown by the following colour coding:

- Sustainable environment
- Health and wellbeing
- Cohesive communities
- Thriving economies
- Safe communities

The Haddenham & Long Crendon Local Area priorities

Priorities that will be worked on locally by the LAF and Community Groups

Extension of cycle network to cover whole region

Facilities for young people and communication about what is available

HGV's speeding/HGVs misdirected into small villages via satNavs

Improve the uptake of micro energy generation and solar water heating in the area

Priorities that are more strategic in nature and can be influenced by lobbying by the LAF and Community Groups

PCSO presence needs to be maintained

Maintain Library Provision

Other local issues, important to the local area ,but
are not being focused on this year by the LAF

Burial ground project.	Car-sharing feasibility study
	
Enforcement of existing speed limits required and review of limits	Few/small local shops
 	
Identify sites for affordable housing and obtain funding	Increase tree cover in Aylesbury Vale./ Tree Wardens
	 
Learning programme for adults - lacking	Potholes and salting of roads. No cross border salting (Oxfordshire border)
	
Shortage of Local Housing	Street gutters and storm drains not cleared frequently enough
 	 
Support for Local businesses/lack of community hubs eg. closure of shops/pubs etc	Support for older people to live in their own homes – lack of rural provision
 	 
Support for carers	Waste – fortnightly collections not wanted More Local recycling
 	 
Water storage	Youth Centre Provision
 	

Local Area Plan Priority	Summary of Current Situation	Key Stakeholders to solution	Work being taken forward and achievements to date	Updated
Extension of cycle network to cover whole region	This priority is a fairly recent addition to the Haddenham & Long Crendon area list of concerns. The LAF has begun considering the subject strategically.	Buckinghamshire County Council The LAF Transport for Buckinghamshire All local Parishes	The LAF has yet to appoint a champion for this priority.	19/12/2011
Facilities for young people and communication about what is available	A particular concern raised by some parishes, and supported by the whole LAF membership as a potential issue, work is currently being undertaken to establish the exact situation in the area. This priority has featured on the list for some time and resources have been allocated in previous years to assist in addressing the issues existing at that time.	Buckinghamshire County Council The LAF Youth Service Bucks CC	The LAF has yet to appoint a champion for this priority.	19/12/2011
HGV's speeding/HGVs misdirected into small villages via satNavs	This is an issue which has caused concern to members from the inception of the LAF. It is widely perceived that HGV's are regularly being misdirected down country lanes locally, principally by inaccurate satellite navigation systems. Work to consider matters with Transport for Buckinghamshire and the Department of Transport is envisaged.	Buckinghamshire County Council The LAF Transport for Buckinghamshire	The LAF has yet to appoint a champion for this priority.	19/12/2011
Improve the uptake of micro energy generation and solar water heating in the area	The Haddenham & Long Crendon Local Area is well served by a number of "Greening" organisations committed to an improvement in local sustainable energy and carbon emission reduction. This has provided consideration of a number of energy related sustainable priorities, this being the one which attracted the most local attention.	Buckinghamshire County Council The LAF Local Parish/Town Councils AVDC	Haddenham in Transition, a local group committed to improvements in the application of sustainable energy, intends leading on this priority.	19/12/2011
PCSO presence needs to be maintained	A Perception by LAF members that there was a risk to local PCSO provision prompted the inclusion of this priority.	The LAF Local parish/Town Councils Thames Valley Police	Inspector Emma Garside of Thames Valley Police volunteered to lead on this priority and has been able to establish that there will be no reduction in PCSO provision for the local area for the foreseeable future.	19/12/2011
Maintain Library Provision	An Issue which has caused extensive local concern, Buckinghamshire County Council changed the provision of local services with the opportunity for certain local areas to provide and maintain volunteer based, community libraries to follow a number of model potentials. This has impacted on two libraries within the locality, at Haddenham and at Long Crendon.	Buckinghamshire County Council Library Service The LAF	LAF members are leading on this priority and are working to provide the best model to take local library provision forward. Whilst the LAF is maintaining, essentially, a watching brief, the local library committees for the communities affected are regularly providing updates to the LAF on progress and activity.	19/12/2011
