

## DAY VISITS: SUMMER TERM 2012

Bookings are now being invited for day visit courses on aspects of environmental education suitable for pupils in primary education. The charges are £6.00 per head. (minimum £150 per visit)

A variety of study programmes are available and some indication of the range is given on the attached sheet, but requests for any environmentally based topic can always be considered. A special programme for Yr 1 / 2 pupils is offered early in the term and focuses on the needs of life for animals and is called 'Teddy Bear Guardians'.

Teachers are invited to visit the Centre prior to the day course, to see the facilities available and to discuss their programme with the Centre staff. The most suitable time for these visits is Friday afternoon, however, if this proves impossible an alternative may be arranged. For those familiar with the centre, programmes can be discussed on the telephone, once an offer of a day has been accepted.

Every attempt will be made to accommodate as many schools as possible, however, schools are reminded that requests for visits frequently outnumber available places. A class sized group is usually the maximum that can be accommodated on one day. Please duplicate the form if you wish to bring more than one class.

Please complete the slip below and return it to the Head of Centre, Shortenills Centre at the address below, by Monday, 26 March 2012.
